1. Enter batting pair's initials. 2. Enter bowler's initials. 3. Score the balls in the over (remember to assign the score to the correct batter). 4. When the bowler changes, enter the new bowler's initials. 5. Follow the same scoring process for the over as in step 3. 6. As done in step 4, add new bowler's initials. 7. Repeat scoring process for the over. 8. When the batting pair has finished their turn, calculate their runs and outs to determine their total run scored. 9. Repeat steps 1-7 for new batting pair.
